The Honorable David M. Childs Chairman National Capital Planning Commission 1325 G Street, N.W. Washington, D.C. 20576

Dear Mr. Childs:

In response to your letter of 17 July 1978, the Central Intelligence Agency does not intend to include any land acquisition or any construction that is covered under the Office of Management and Budget (OMB) Circular A-11 or the National Planning Act of 1952 in its Fiscal Year 1980 budget submission to OMB.

In regard to a capital improvements program during years 1979 through 1984, we do have on file with the Commission a preliminary master plan for the future development of our Headquarters site. This plan was approved by the Commission at its meeting of 7 December 1972. The plan is periodically reviewed by Agency personnel in terms of need and feasibility, but at present we do not have firm plans for new construction. We will advise you immediately if any are developed.
